ASTRAGAL DATASHEET - JAN07

Product specifications can change. Contact us to ensure you have our latest datasheet

ASTRAGAL DOUBLE DOOR MEETING STYLE SEALS

Many of our seals including hRB brush seals are suitable for use as astragal seals but our AT series of seals give the additional advantage of security.

AT1212 Seal incorporates a **FP1212** acoustic & smoke seal in an carrier. An excellent security, draught, light & privacy available with **FP1515** insert.
See separate datasheet for details of FP1212 & FP1515.

ATB seal incorporates a polypropylene brush seal with aluminium carrier. ideal seal for most internal needs apart from fire, or medium & hot

SECURITY DOOR SEAL

ATEO
Aluminium seal for security doors.

NOTE: The technical information and suggestions for use and application presented herein represent the best information available to us and are believed to be reliable. They should not however be construed as controlling suggestions and there is no warranty of performance of our materials either expressed or implied. We urge that users of our materials conduct confirmatory tests to determine final suitability for their specific end uses. All dimensions are nominal. We reserve the right to make changes or to withdraw designs and products without notice.
